Brief Backgrounder

Professor Amar Sawhney has a multidiscipline background in philanthropy, personal finance and investing, architecture, urban ecology, and a global peace advocate.

Over the last 42 years Professor Sawhney has served as an educator and Professor of Architecture at Miami-Dade College, he has been the recipient of two Endowed Teaching Chairs, taught personal finance for Continuing Education at Miami-Dade College, while serving as a urban designer, social entrepreneur, and philanthropist. He is the current President of the Global Urban Sustainable Center (Helping communities to become a better place to live).

Professor Sawhney has been active in Rotary, Civitan International, and local civic and nonprofit organizations in Miami.

He is committed to urban ecology, improving financial awareness and financial literacy, and global peace with a strong desire to help educate financial services professionals, the general public and the youth within American and emerging markets.

- Graduated from Chandigarh College of Architecture in India
- Master in Architecture in Urban Design from Cornell University
- Obtained his CFP[®] designation from College of Financial Planning

Professor Sawhney lives in South Florida with his wife; they have three grown daughters. He spends his spare time practicing yoga and reading books on world history, finance, historic preservation and urban ecology.
