

### Introduction Factsheet

#### Background & Mission

The Financial Awareness Foundation is a 501(c)(3) nonprofit organization; our mission is to significantly help solve a major social problem dealing with the lack of financial awareness and financial literacy.

The Foundation serves as a nonpolitical 'financial awareness advocate' for We The People – the general public, the financial service and nonprofit professionals their organizations, educational institutions, technology companies and employers, municipalities and the news media.

We believe that teaching financial awareness, financial literacy and the essential principles to smart personal money management are very important as this gives people the tools of empowerment to:

- Make better informed everyday money decisions so they can
  - ◆ Live a better quality of life without outliving their wealth
  - ◆ Watch personal / family dreams become a reality
  - ◆ Make decisions about lifestyle without financial worry
  - ◆ Enjoy a financially secure debt free future
- Work with financial professionals & product providers to get the best results from their time & money
- Pass on their values, knowledge and assets to future generations to make their lives and this world a better place

We are taking an active leadership role to recognize organizations and their management that are championing improving financial awareness and financial literacy. We are then uniting them with other associations, organizations, nonprofits, educational institutions, municipalities, employers, and news media to actively focus their vast community resources into **The Improving Financial Awareness & Financial Literacy Movement** with its concentrated personal finance content media blitz every six months through the strategic campaign venues of

- **Financial Literacy Month** (April) and 6 months later during
- **Estate & Gift Planning Awareness Month** (October)

The plan is to touch the majority of the general public, financial service and nonprofit professionals and their organizations at least twice a year through these strategic venues, with educational and motivating content and reminders to get and keep your financial house in order with a current their financial, estate and gift plans..

#### The Current Improving Financial Awareness & Financial Literacy Movement
